Carriage Services Announces Pricing of \$130 Million Senior Notes

HOUSTON, Jan 20, 2005 /PRNewswire-FirstCall via COMTEX/ -- Carriage Services, Inc. (NYSE: CSV) announced today the pricing of its previously announced offering of \$130 million of senior notes due 2015. The senior notes will bear interest at 7.875% per year and were priced at par. The notes will be guaranteed by all of the Company's existing subsidiaries (other than the issuer of the TIDES) and will rank equally with any future senior unsecured indebtedness of the Company. The offering is expected to close in late January 2005.

The Company intends to use the net proceeds from the offering to pay in full the principal, interest and make-whole premium on the Company's existing senior notes due in 2006 and 2008, to bring current the TIDES preferred securities' unpaid interest that has been deferred since September 2003, to repay all outstanding borrowings under its existing revolving credit facility, and for general working capital purposes.

The notes are being offered in an unregistered offering and may be resold by the initial purchasers pursuant to Rule 144A and Regulation S under the Securities Act of 1933. The notes will not initially be registered under the Securities Act of 1933 or the securities laws of any state and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements under the Securities Act and any applicable state securities laws.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any state in which the offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state.
