Stable Funeral Home Same Store Sales Quarterly Revenue 2009 – Q3 2014 with Seasonality

Funeral Home Same Store Quarterly Field EBITDA 2009-Q3 2014 With Seasonality

Our Growth Strategy

- Adopt a pro-growth business model within an industry that is characterized by its low growth, low technology, and stable earnings
- Modest growth in sales of our base businesses resulting in improved margins
 - Relatively fixed regional and corporate overhead allows for modest increases in Same Store Sales and EBITDA to have greater impact on Free Cash Flow
- Make targeted and strategic acquisitions to accelerate growth while maintaining financial discipline
 - A majority of acquired Field EBITDA falls to Consolidated EBITDA due to operating leverage

Disciplined and Targeted Acquisition Strategy

- Our Goal is to acquire \$16-\$18 million in new annual revenue through acquisitions
- Target leading performers with strong heritage in their local markets
- Comprehensive analysis of a candidate's market demographics and financial profile
- Only consider businesses that will provide an immediate positive impact on cash flow
- Concentrate on higher revenue, higher margin, accretive businesses
- Exercise Financial Discipline through Valuation Model
- Maintain a stable and predictable business model
- Sustain EBITDA growth in line with revenue growth from acquisitions

The forward looking slides are solely intended to demonstrate the possible impact on our financial results of the successful implementation of our growth strategy by the hypothetical acquisition of businesses aggregating (i) \$26 million in assets in 2014 (in addition to the successful integration of the businesses acquired in the SCI transaction) and (ii) \$45 million in assets per year for each of the next four years.

The model presented on these slides incorporates several assumptions regarding the pricing, timing and terms and conditions of such acquisitions. The model also incorporates several assumptions regarding the financial performance of both acquisition and same store businesses, including assumptions related to the revenues, expenses and cash flows of such businesses, as well as the capital structure of the Company. We can provide no assurances that our growth strategy will be successfully implemented or that the SCI businesses will be successfully integrated. In particular, we can provide no assurances that we will find attractive acquisition targets, that we will succeed in negotiating the terms and conditions reflected in the model, or that we will execute any acquisitions during the next five years (including 2014). Additionally, we can provide no assurances that our acquisition and same store businesses will generate the revenue or earnings growth reflected in the model, or any revenue or earnings growth at all.
